

What is the name of our second international companion Synod?

The Silesian Synod of the Augsburg Confession

The T section of this map.

A Think Tank working on such questions as:

- **What is ministry like in predominantly unreligious population, and how does that compare to our own diverse religious context?**
- **What are the struggles, celebrations and difficulties of doing ministry in your neighborhoods, and how can we translate those experiences to our own understanding of God's work here in the United States?**
- **How is God calling us to learn and grow together as Lutherans?**

I want to be a "Friend of the Silesian Synod"
